

# OMEGA 1973

Warwick Valley High School

Warwick, New York

We, the staff of Omega 1973, dedicate this book to a universal language, music.

We have been taught that music is a message. All who have composed, have shared their souls with ours. Music is a unique experience. To an athlete the supporting bravos of the fans may be the song; a teacher may find the busy buzz of a working classroom pleasant music. Cacophony to one may be a symphony to another.

To all who play and all who listen, the message of music is sincere. . .the enduring encounter forever enshrined.

## *Dedication*

Education is a lifelong process that continues from the Alpha to the Omega of our existence on this planet. Although this OMEGA represents the termination of the high school years for the Class of 1973, it is more than an ending. It is a compilation of the senior year's activities and events, bound by the strong covers of faith and hope, filled with a multitude of individual and collective memories, and impregnated with the special magic of instant renewal. Thus, after the passage of time has dimmed or distorted the events, dreams, and friendships of the senior year, a graduate may recall and relive these times clearly by the simple process of opening this OMEGA.

This year's theme, "Make your own kind of music," is most appropriate as it has several connotations. It reminds one to be himself and not ignore the beat of the drummer he hears. As Arthur O'Shaughnessy has noted:

"We are the music-makers  
And we are the dreamers of dreams."

The theme also reminds us that music is the universal language of mankind. Thus, the making of your own kind of music as an individual must be in tempo with the master beat of society, if your own kind of music is to promote harmony, purpose and a lyric which communicates. The challenge of each music maker is to blend his music and the beat of his drummer, with the rhythm of the master conductor so that the total composition benefits.

In addition to congratulations to the Warwick Valley High Class of 1973, I sincerely hope that the graduates will, in fact, make their own kind of music, and so compose the theme of their lives as to develop a symphony of purpose which will insure that "their music" will be heard, understood, and harmonize for the benefit of all.

When we were fifteen, it was a very good year. It was our year to be freshmen. Under the capable leadership of Rich Stevens and parliamentary procedure, we were very successful frosh. Our big day came on March 6, when we celebrated Freshman Day. With everyone in his "fancy", we proudly wore carnation corsages and boutonnieres of blue and yellow. That night we had our dinner dance. The theme depicted the latest fad, "horoscopes." It was a very good year.

When we were sixteen, it was a very good year. It was the beginning of parties, homecomings and dances. As sophomores, Rich Yatto led the hopeful class of '73. Harvest Queen, our first semi-formal dance, was reigned over by Mary Ellen Mirra with escort Rich Stevens. Other members of her royal court included Rose Prado, Terry Sinsabaugh, Jill Jaffe, and Carleen Quackenbush. And then we helped celebrate Warwick's first homecoming. Our float theme was Harvest Queen, and although we were new to the idea of floatmaking, we had good times. Carleen Quackenbush represented the sophomore class. It was indeed a very good year.

When we were seventeen, it was a very good year. It was the year of the rings we so proudly wore to show we were "bonafide" juniors. Homecoming conveyed messages of comic book characters and we struggled with Dagwood. Once again Carleen was our delegate to the court, and poor Dagwood lost his head. Rickie Zap led our spunky class as we turned out to be very ambitious money-makers. The soda machines, which we sponsored, proved very successful, as did our sale of corsages and our talent show. It was suddenly prom night. Worrying about murals, gym floors, palm trees, and volcanoes, we didn't think "Hawaii" would make it, but all shone bright that night as Jill Jaffe and Rich Yatto were crowned in unique Hawaiian style. Their court was Lori Littell, Cris Marek, Debbie Izzo, Marie Zygmunt, Greg Sisco, Gordon Tomaselli, Charlie Papaceno and Greg Rutledge. We finished our year with anxieties of regents. When we passed, we knew we had it made ... next year would be ours. ...

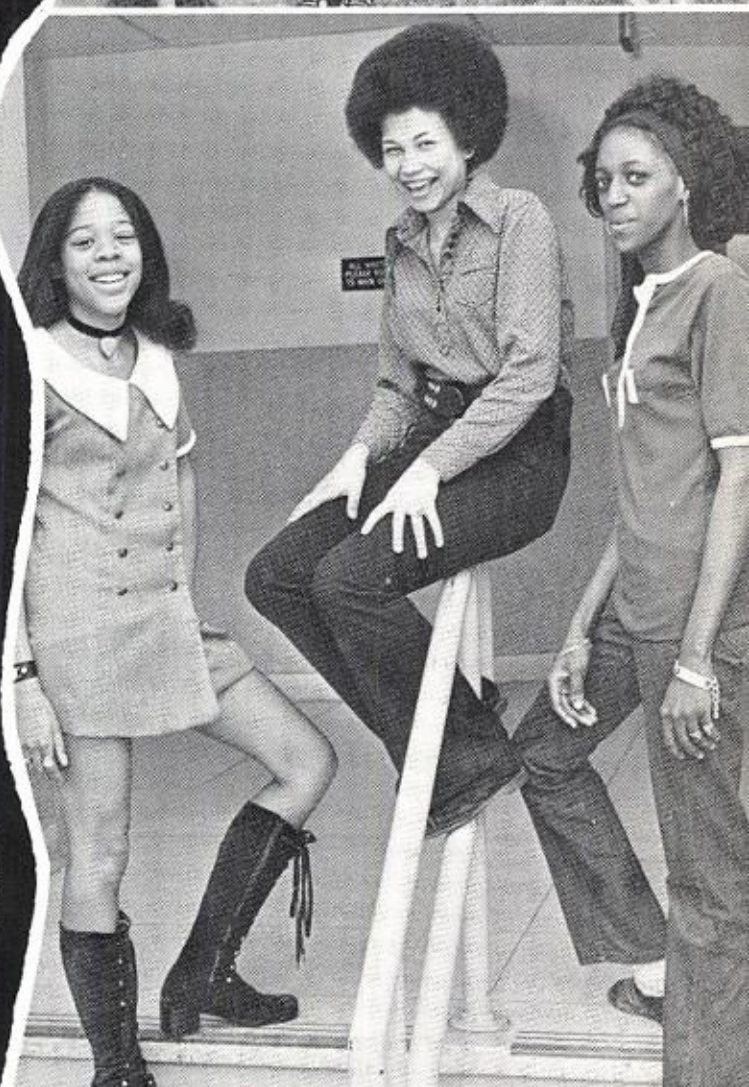

Now we are eighteen in the autumn of these years. This is a winning year! "Boogie, bull or bust!" spurred us to surpass all previous magazine sales. Grey skies and soggy hot dogs did not stay the refreshment crew from their appointed puddles. New Year's Day came early as our prize winning float sparkled at Homecoming '72. Lori Littell with Gordon Tomaselli reigned over all homecoming activities. Marie Zygmunt and Charlie Papacino were also on the royal court. 'Twas the night before Christmas ... or almost ... on December 22, 1972 ... the gym was alive with everyone in his holiday best. Santa appeared to crown Sue Morell and Kurt Emmerich as queen and king. Their court, in attendance, consisted of Cris Marek, Sam Liu, Debbie Izzo, Greg Rutledge, Terry Sinsabaugh, Roger Claire, Lisa Kittner and Anthony Kroon. And Winter Carnival Weekend was upon us. Seniors once again demonstrated superior prowess as we managed to outscore all other classes.

Activities kept everyone busy as they had in the fall but now they came to full bloom for spring productions. Fun times were not over. With Senior Week in preparation, we suddenly realized that we were near our final pedestal of glory ... commencement. So much to look forward to; yet, emptiness in the minds of many. So much to look back on; still we must go forward. In so doing, we will build new hopes and dreams, meet new people and create our own themes ... Our years at Warwick Valley will never be forgotten. We will laugh when we look back and feel pangs of nostalgia for friends once close, now gone. Keep the year of '73 in your heart, but keep the future in your mind. We will then know it was a VERY GOOD YEAR!

Mrs. Hayes Retiree

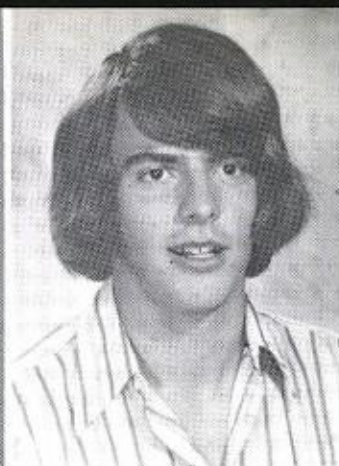

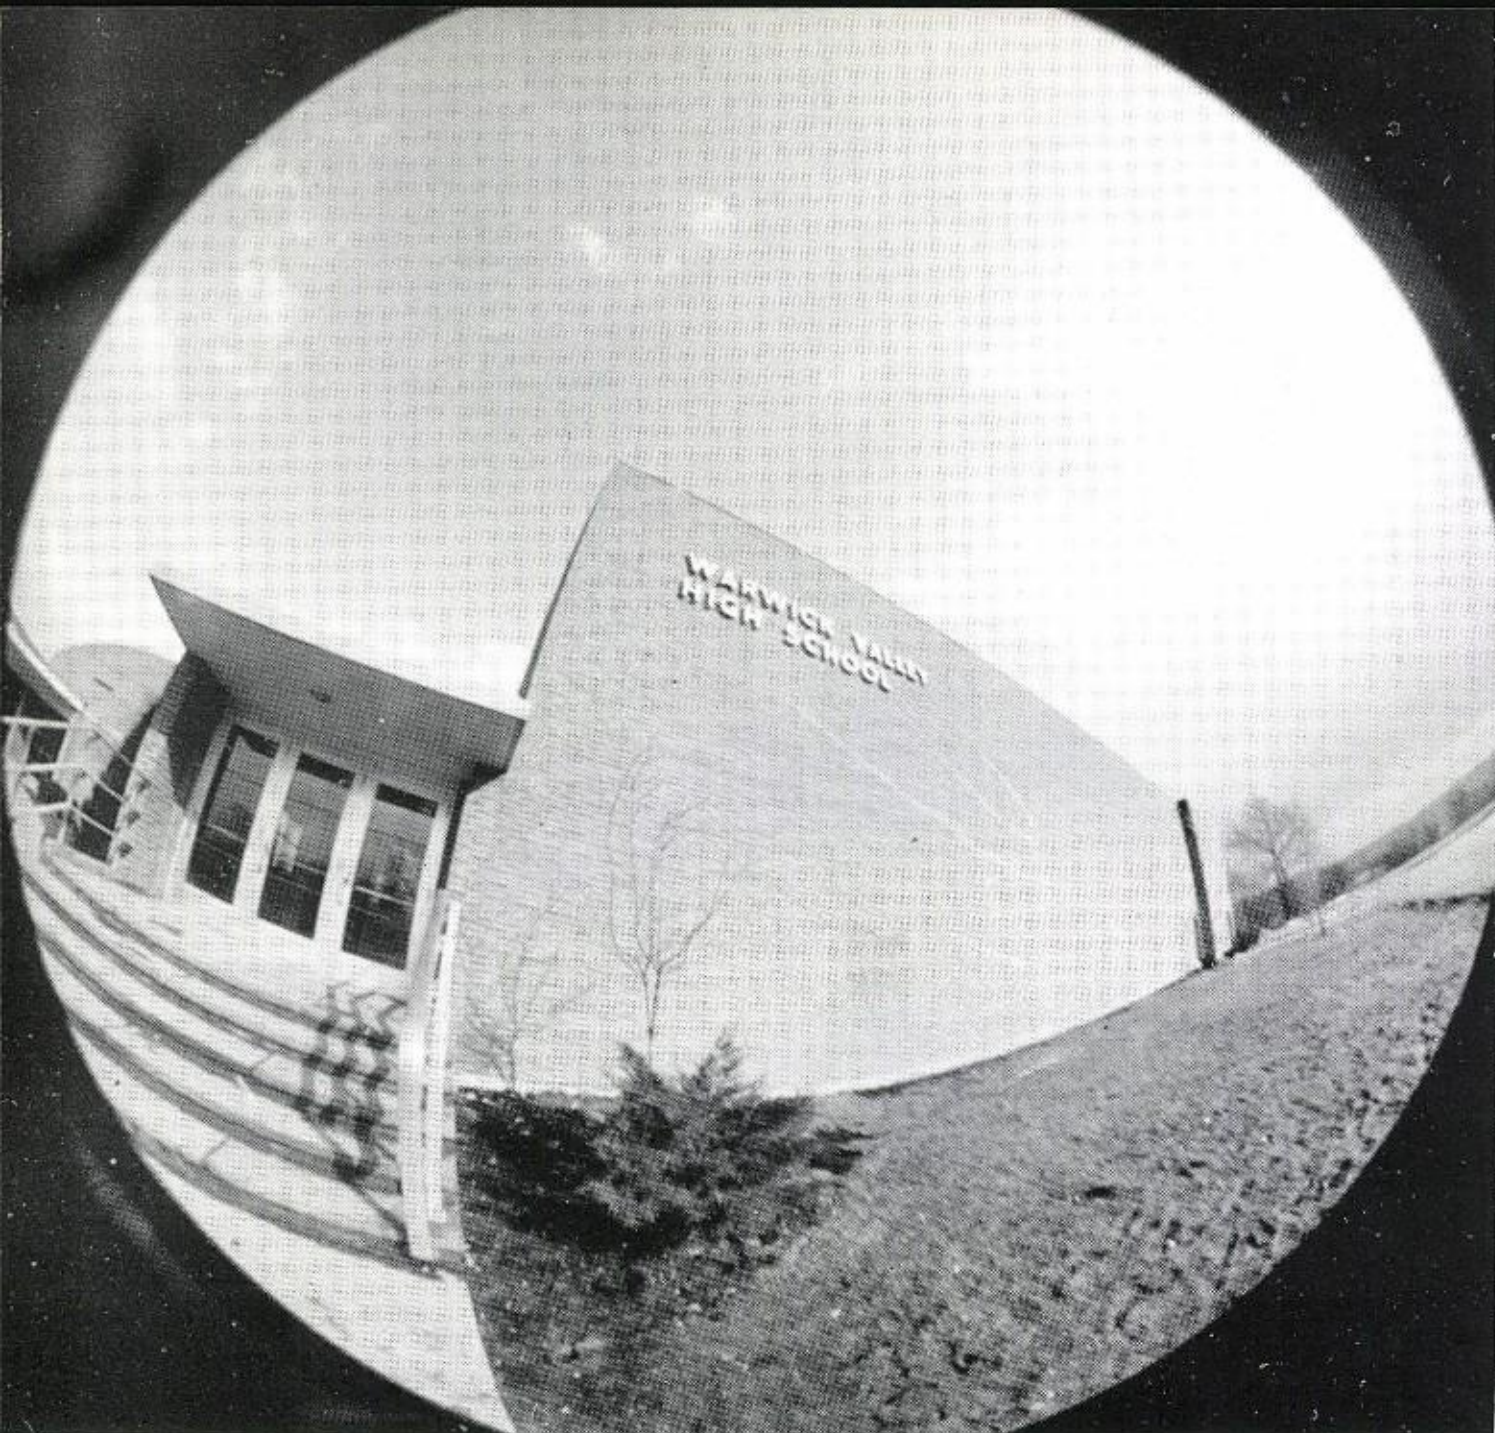

If you hear a song that thrills  
you,  
Sung by any child of song,  
Praise it! Do not let the singer  
Wait deserved praises long.  
Daniel Webster Hoyt

Mr. Baum Retiree

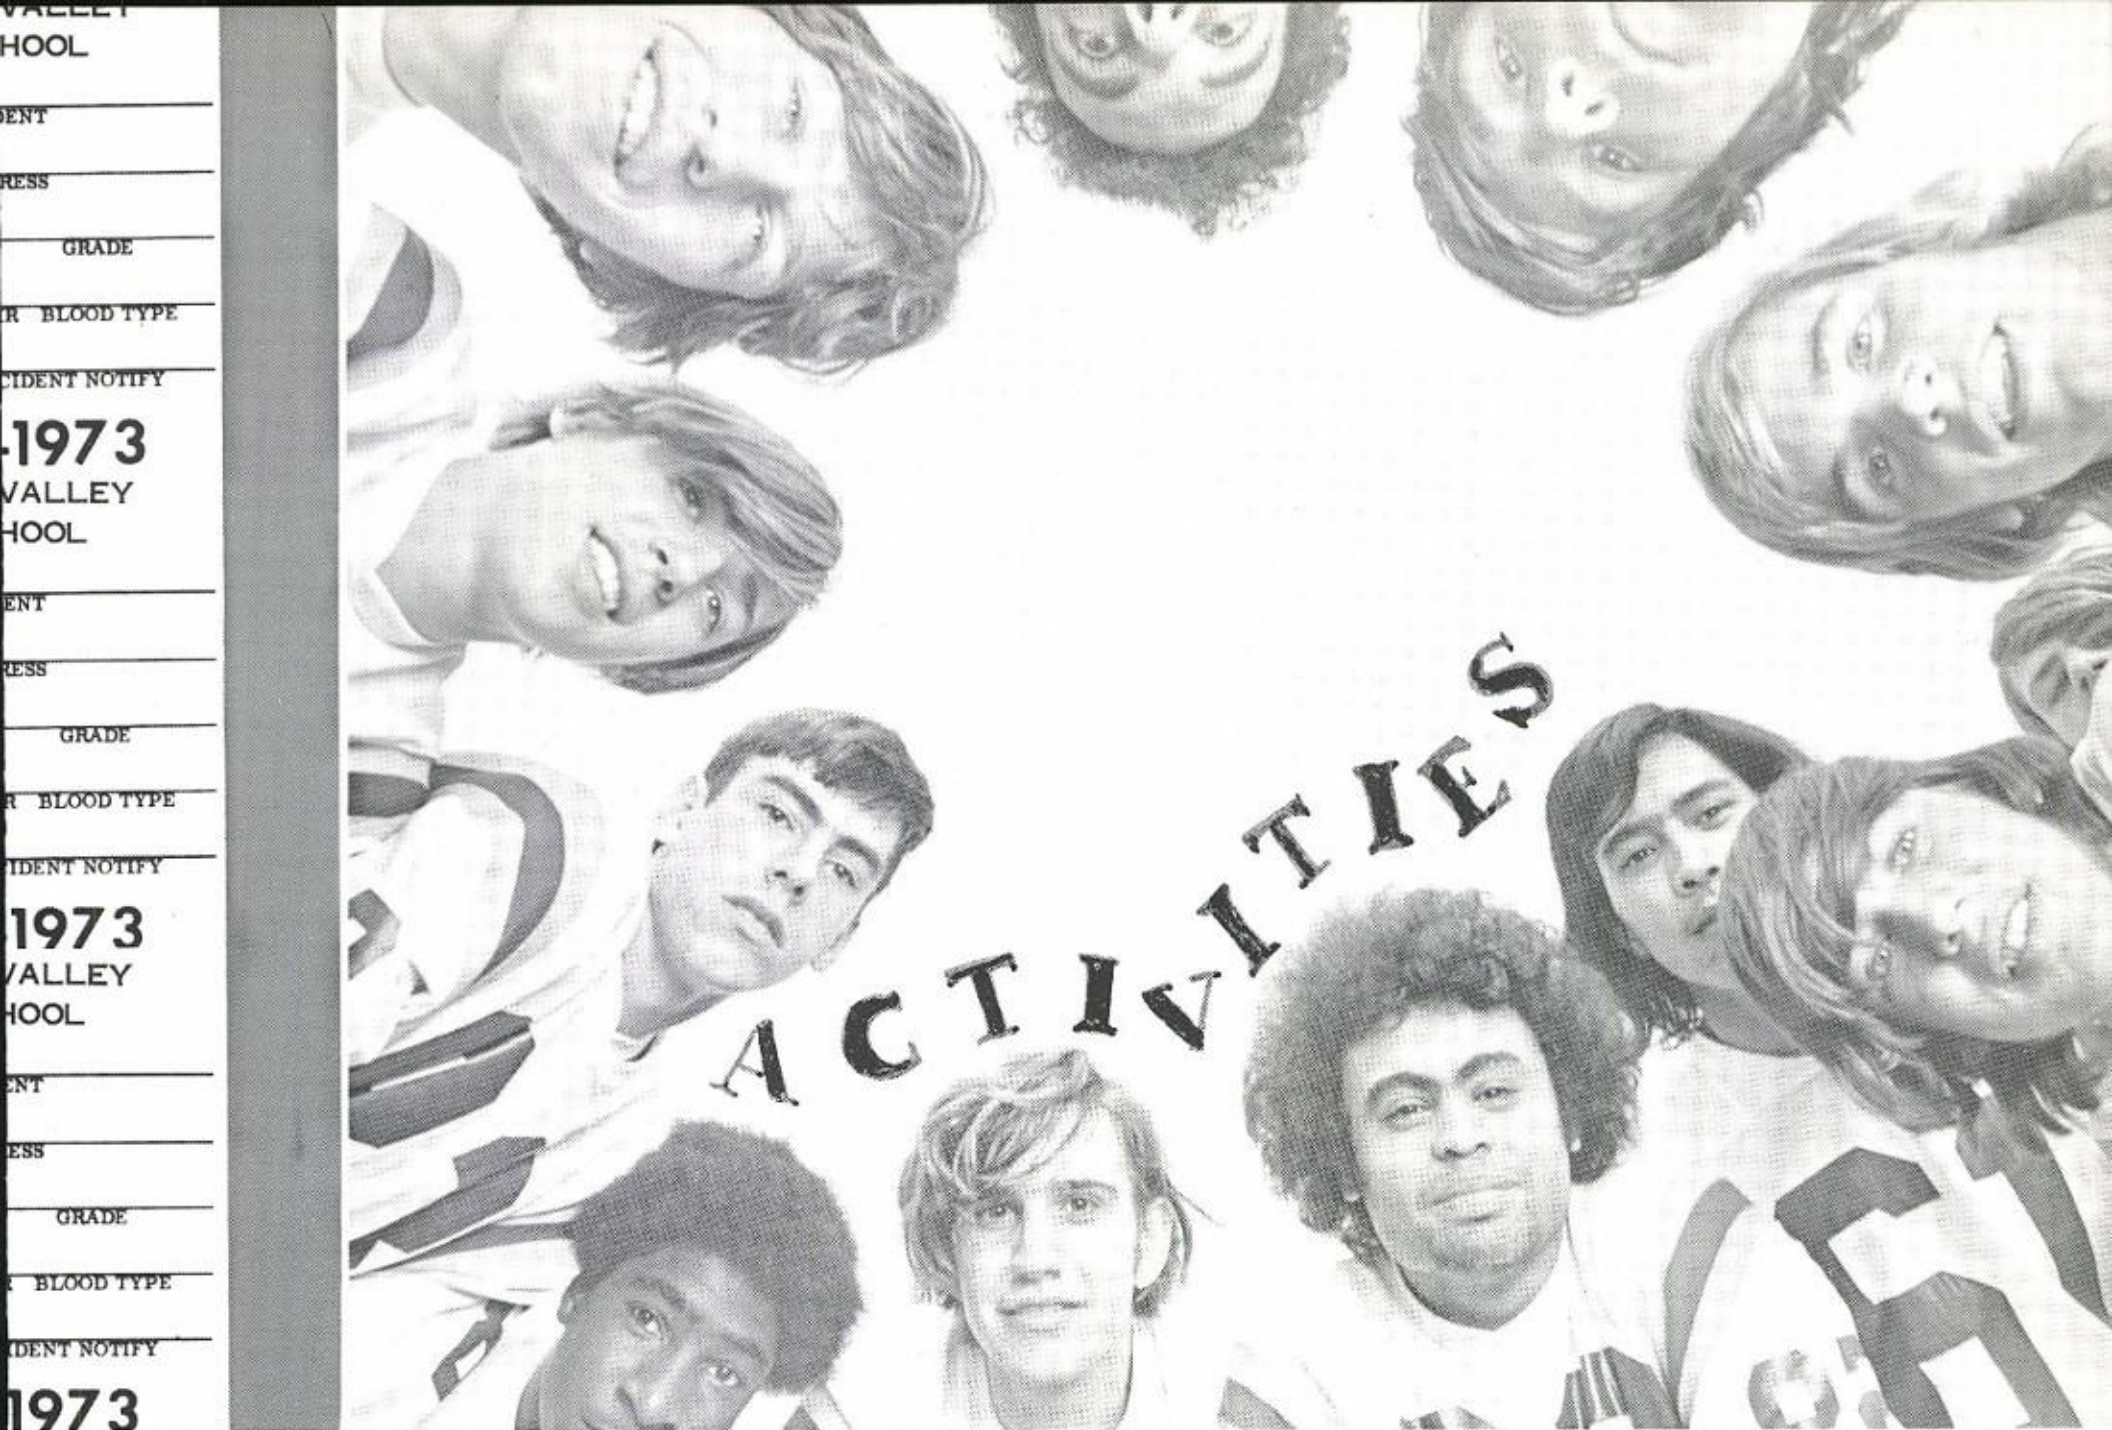

O give me a place in the garden of song,  
I would linger and labor there all summer long,  
There are corners to care for, stray beds to make  
bloom,  
I ask not for wages, I only seek room  
In the garden of song.

#### Ides of March Board Meeting

"Your time has come to shine.  
All your dreams are on their way.  
See how they shine.  
Oh, if you need a friend,  
I'm sailing right behind.  
Like a bridge over troubled waters,  
I will ease your mind. . ."

Paul Simon

Problems arose, and we faced them.  
Good times came our way, and we shared them.

Thoughts locked within our minds and souls,  
Were opened to help others.

We sought advice,  
We respected the experience we were given.

Still. . . .problems arise.

Will we ever be without them?

Make your own kind of music. That is what it is all about.  
We have done it throughout this book, this year and we will  
do it throughout our lives.

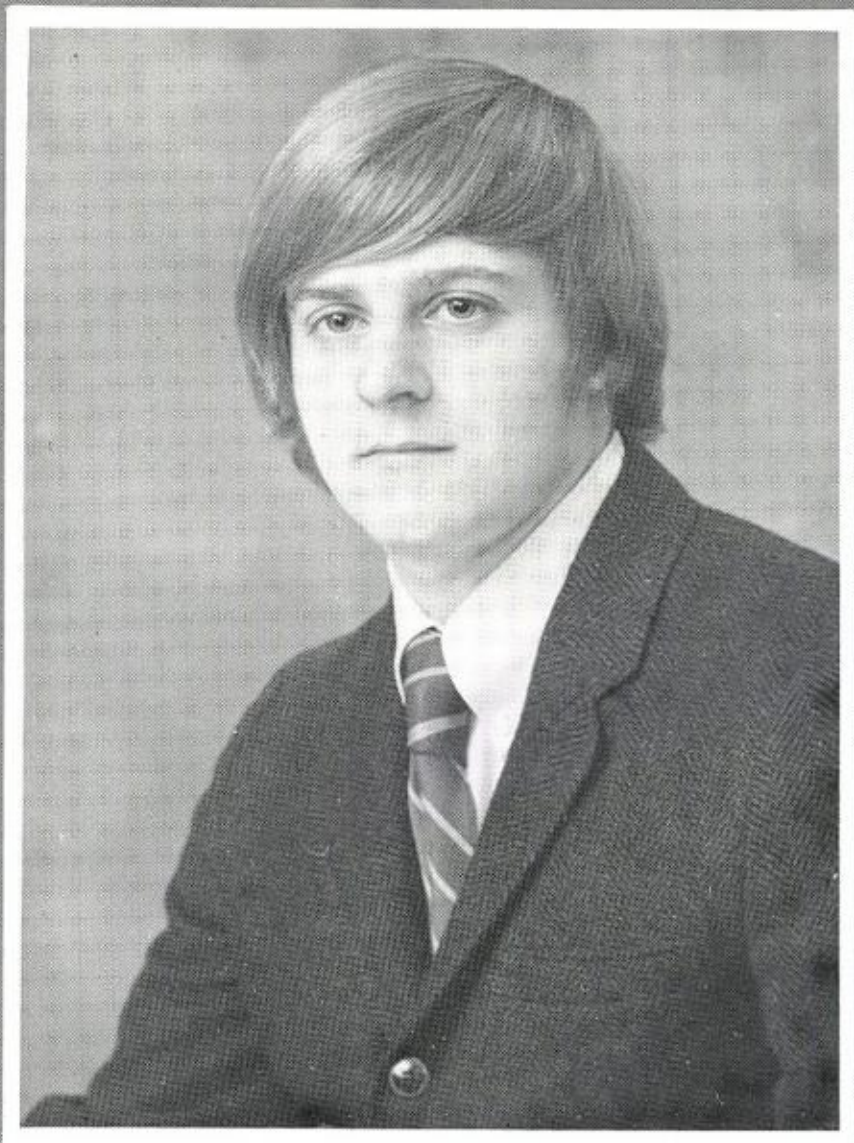

There are so many people who go without music during the  
year. For all of our unsung heroes let it be your song. Many  
melodies recall our past . . . those were the days. Imagine all  
our ambitions; will our dreams come true; anticipation of  
what we will become; respect we hope to achieve . . . all  
these involve our future.

Many people have helped me write this score. For us, it was  
hard work, conversations no one would believe, lectures on  
responsibilities, plus many good times. I would like to  
thank everyone for making this yearbook a reality . . .  
teachers and students for their cooperation; the Omega staff  
who spent holidays and weekends working; special thanks  
to Sarah Diermeier and Gordon Tomaselli for outstanding  
work which goes unrewarded. People behind the scenes  
were Mr. Pettit, magazine drive; Mr. Petrucci, Yearbook  
House; Mr. & Mrs. Jacobs, Lascell Studio and most of all  
Mrs. Diermeier. She has the will to make you find the way  
. . . and I guess that's what it's all about.

Nobody can tell you  
There's only one song worth singing  
They may try to sell you  
'Cause it hangs them up  
To see someone like you  
You've got to  
Make your own kind of music  
Sing your own special song
